

### TAKE ACTION

\*Continue to educate yourself on the issues. Don't let your knowledge of the clean water crisis stop at this.

\*Come up with creative ways to raise money to build life-changing water systems for those dying of thirst.

\*Donate to non-profit well building projects like Blood:Water Mission and Charity:Water.

### EDUCATE YOURSELF

\*Every 15 seconds, someone dies of a waterborne illness.

\*Currently over 1 billion people in the world do not have access to an improved drinking water source.

\*\$1 provides one year of clean water for a person in Africa.
